

The Mountainside Campus of Holy Trinity Interparochial School is a Catholic community of educators, students and families. The preschool provides the young children of our parishes with the warm, supportive environment that enables them to thrive spiritually, academically and physically.

The preschool classes provide the students with an *age appropriate setting* that enables the children to develop at their *own pace*. All aspects of a child’s development are addressed through a rich and varied program. We respond to students’ *spiritual, physical, cognitive, social, and emotional needs* through a multi-sensory, *hands-on approach*.

Kindergarten

The Archdiocese of Newark Early Childhood Guidelines were followed in developing a *rich curriculum*. It meets the *needs of each individual* child, incorporating their previous experiences into our kindergarten program. The focus is on developing *readiness skills* and fostering a *strong learning environment*. The kindergartens provide the students with an introduction to formal instruction and an opportunity to *learn, explore*

“My daughter Allison attended Holy Trinity preschool for two years and began kindergarten this year. Allison was very prepared both academically and socially for kindergarten. The teaching staff at Holy Trinity are so dedicated, and very caring. There is a family atmosphere between the staff, administration and parents. The foundation she received at Trinity was excellent without sacrificing the most important thing of all for early learners ... FUN!”
